Claro Bees Ltd is wholly owned by the Harrogate & Ripon Beekeepers Association (HRBKA) but is operated at arm's length.

**CBL has three main functions: -**

- To stock a range of beekeeping equipment meeting most of the needs of HRBKA beekeepers and to provide product prices which are consistently below those of major suppliers (except sale prices).
- To provide a source of advice and support to beekeepers, old and new, through the advice and experience of the volunteers who keep CBL open throughout the season.
- To make a financial donation to the HRBKA from the profit on sales: This is an historical arrangement and we aim to continue this.

The majority of the stock we hold is based on compatibility with British National hives (BN). Claro Bees Ltd maintains large stocks of standard quality hive components and frames, enabling large savings to be made. Our aim is to keep adequate stock of all this equipment, together with BN foundation and other popular equipment and accessories.

**For less common items**, including: Best quality BN cedar woodwork; non-BN woodwork, frames and foundation; books and other selected lines, only small amounts of stock may be held.

- If you are travelling a long distance or particularly want such an item you are advised to email the shop ([clarobees.shop@gmail.com](mailto:clarobees.shop@gmail.com)) in advance (details inside front cover) to check stock levels. Many of these items will not be restocked once sold out.

**Purchasing through CBL offers the following advantages:**

- • Prices are generally lower than manufacturers' retail prices
- • Large stocks are maintained
- • Knowledgeable beekeepers are always present during opening hours, offering impartial advice on equipment and clothing purchases, as well as on beekeeping problems.
- • Parking is free!

**Claro Bees currently only accepts payments by card.**

## Jars and Lids

### Special Notice: -

When choosing jars and containers remember that 1 Kg (2.2 lb) of honey takes approx. 700 millilitres of volume, but honey with higher water content, particularly heather honey, needs a greater volume.

\* Packs of Candle rolling wax contain 10 sheets

The candle wick sold by Claro Bees is square braided cotton wick especially treated and designed for beeswax candles. Because of the way it is woven, there is a preferred way up for the wick. The free end on a reel is normally placed at the top of a candle, but to be certain, test firing both ends of a trial candle will confirm the better orientation.

When melting wax on a stove, always place the wax in a water bath, and never heat the wax directly in a pan or container as the risk of fire is too great.

Latex candle moulds are cheaper than the silicon rubber moulds, but generally have a much shorter life.

The use of silicon spray on glass moulds before casting a candle will normally make it easier to remove the candle from the mould.

## Further information

page 11

- Every effort is made to keep all stock priced correctly, both on the shelves and in this catalogue, but the ruling price will be the one advised at the till prior to the completion of purchase.
- Prices are liable to change without notice, although it is hoped to maintain the prices shown throughout the 2021 season.
- Before visiting for large orders - Please email [clarobeeshop@gmail.com](mailto:clarobeeshop@gmail.com) to ensure that adequate quantities are available for your needs.
- Standard quality brood boxes, supers, floors, roofs and frames are usually available, and represent significant savings over best quality equipment. However, please note that standard quality wooden items may contain knots, small splits and other defects that will not affect the usability of the items.
- Goods may be returned in unused condition, accompanied by receipt/s, during the 14-day period from date of purchase.
- **There is an administration charge of 10% applied for unwanted goods returned in unused condition, after the 14-day period has expired, but only if accompanied with a valid receipt.**
- **Clean** beeswax, rendered into **small** blocks is bought by Claro Bees @ £4 /kg
- Claro Bees Ltd is not registered for VAT.

## Advice available

At all trading sessions of Claro Bees Ltd there will normally be at least one experienced beekeeper present, to advise you about the pros & cons of equipment, to listen to problems or concerns about your bees, & to give advice about practical issues such as swarm control, feeding, bee diseases & practical beekeeping husbandry.

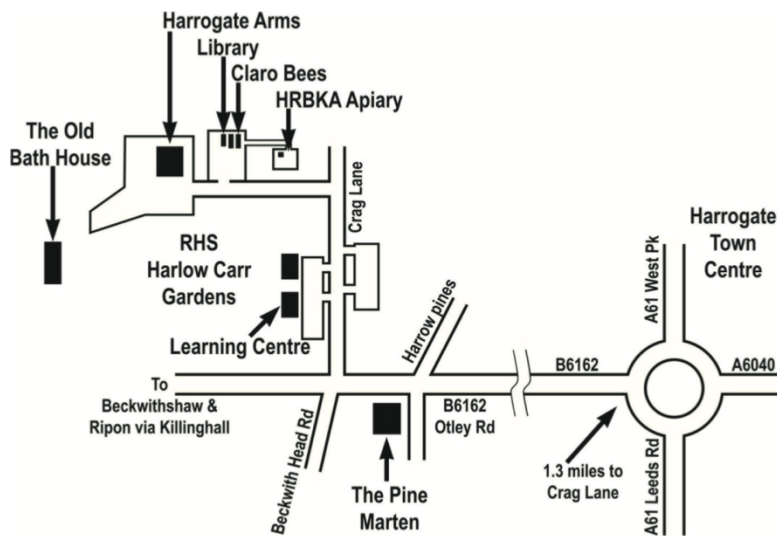

This is a free service intended to provide further value to the Claro Bees operation, & to make Claro Bees trading sessions a good place to go for advice on all aspects of beekeeping, as well as for new equipment.

### **Bees for Development**

Claro Bees Ltd is a supporter of Bees for Development, a Registered Charity that aims to alleviate poverty in the developing world through the advancement of the craft of beekeeping. There is a collection box in the shop where donations can be made.
